SEARCY, ARKANSAS

Auctioneer — C. D. SWAFFAR

At Green Meadow Farms, seven and one-half miles west and two miles south of Searcy. Searcy is only 50 miles north of Little Rock.

18 BULLS

The bulls include strong yearlings and two-year-olds ready for heavy service. Among the features is the grand champion of the 1952 and 1953 Arkansas State Livestock Show, a son of a three-times Chicago International Livestock Show first prize winner.

29 FEMALES

The females include one of the most outstanding group of foundation females ever offered in the mid-south. 17 bred heifers, many right up to calving. 12 open heifers, including numerous show prospects and several offered with breeding privilege to outstanding herd sires.

RAY A. YARNELL, SEARCY, ARKANSAS, sells 14 bulls and 14 females. A featured attraction is the two-year-old, dark red Yarnell's Grand Research, by Glassingall Research and out of imported Augusta Dorina. He was grand champion bull of the 1952 and 1953 Arkansas State Livestock Shows and outstanding calves by him are in the Green Meadow Farms herd. There are 6 sons of K F Marshall Rodney, the Kentucky grand champion, 3 by Crugleton Artizan and 3 by Cumberland Beacon. The females include 9 bred heifers and 5 open heifers, also daughters of the above mentioned herd sires.

M. F. SLOAN & SONS, POCAHONTAS, ARKANSAS, sell one bull and five females — featuring the Get of Ransom's Max Juggler by the International grand champion, Killearn Max Juggler. The females include a splendid set of five bred heifers, ideal brood cow and herd replacement material.

THOMAS & SMART, PIGGOTT, ARKANSAS, offer three bulls and five females. They are featuring the Get and services of K F Monty Monarch K F Bounce 9th, two outstanding herd sires.

RICHARD YARNELL, SEARCY, ARKANSAS, offers one bred heifer and four open heifers, including a full sister to the reserve champion female in the 1952 Arkansas breeders sale, purchased by Way Wylo Farms, Memphis, Tennessee.

Everything sells T. B. and Bangs tested and fully guaranteed.

American Shorthorn Breeders' Ass'n. Guarantee

1. Proper care must be given by purchaser to protect qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later submitted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's disease of the state or country into which they may be shipped.
6. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All animals sold in this sale will be backed by the above Standard Guarantee.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificates of Bangs Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.

“Shorthorns of Distinction”

KF MARSHALL RODNEY — *grand champion of the 1950 Kentucky Shorthorn Breeders' Sale when we bought him. His sire, Marshall Monty, is a half-brother to Cruggleton Bounce and Cruggleton Braemar.*

For breeding, individuality and performance records, Green Meadow Shorthorns play a leading role in breed supremacy in the Mid-South. Their show winning and sale topping performance is well known.

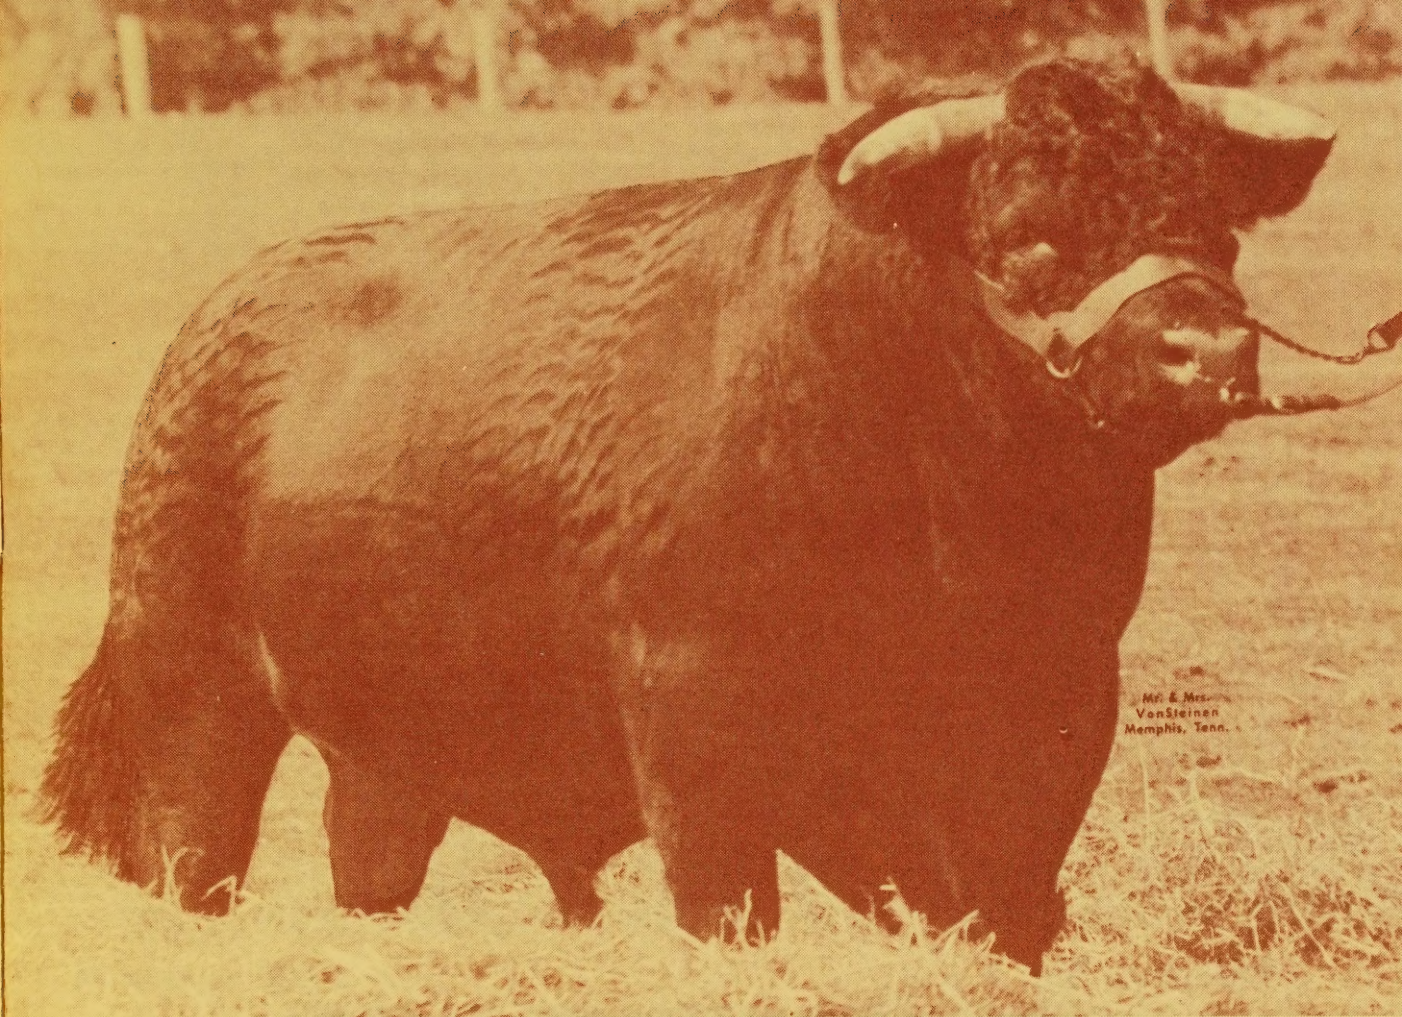

CUMBERLAND BEACON

sired by Crieffvechter Beacon and out of Maxwalton Beauty 9th, member of the first prize get of sire at Chicago. We purchased him at the top price of the 1950 Kentucky State Sale.

CRUGGLETON ARTIZAN

our junior herd sire, by Erimus Donald. We purchased him from L. E. Mathers & Son and he is by the same sire as Marellbar Farms' Cruggleton Leishman, 1952 Perth reserve champion.

KF MARSHALL RODNEY -- was Grand Champion, against strong competition, of the Kentucky Shorthorn Breeders' Show and Sale at Bowling Green, March 25, 1950. His sire, Marshall Monty, was imported in dam from the A. J. Marshall herd in Scotland. He is a half-brother to Cruggleton Bounce and also half-brother to Cruggleton Bramar, chief herd bull of the Marshall herd. His dam is deep red and an excellent producer.

He is sire of the Champion Female of both 1951 and 1952 Arkansas Livestock Show. His get of sire was first place winner of both above shows. He is sire of the top selling bull and female in last year's Arkansas Sales. So far as I know, the heifer topped any shorthorn ever sold at an Arkansas Sale.

His calves are continuing very uniform and are developing to outstanding producing shorthorns. The buyers are well pleased with them. We are selling 7 heifers and 6 bulls from him at this sale.

CRUGGLETON ARTIZAN -- Imported in dam by L. E. Mathers & Son, was bred by the late Albert J. Marshall of Scotland and sired by the great breeding bull, Erimus Donald, bred by R. S. de Quincey and out of Augusta Dorina as one of the A. J. Marshall's good Augusta cows purchased by R. S. McWilliam of Scotland, Erimus Donald is by Kirkton Challenger by Kirkton Baronet.

Several sons and daughters of Erimus Donald have been bought by United States breeders. Among these the great breeding bull, Cruggleton Leishman, the 1952 Perth Reserve Supreme Champion purchased by Mr. John C. Blume for the Marellbar Farm from Marshall of Scotland at 3,000 quineas. Therefore, you will see that Cruggleton Artizan is bred in the purple.

We have several of his calves at the farm, all of which have lots of bone and substance and will bear your inspection. We are consigning 3 bull calves and 3 heifers to this sale.

CUMBERLAND BEACON — Raised by Luther Rice of Paris, Kentucky is by the noted Criefvechter Beacon (imported) and sold at the Maxwalton Dispersal Sale for \$6,000. His dam, Maxwalton Beauty 9th, was in the first prize get of sire at the International in her yearling form and she is by the outstanding bull, Browndale Cumberland.

Cumberland Beacon was a top selling bull at the Kentucky Shorthorn Breeders' Show and Sale at Bowling Green, Kentucky, March 25, 1950, and brought \$1,725 as a nine-months-old calf. He is very rugged, has a good head, excellent front quarters and a real heavy hind end, very smooth, deep bodied, wide, heavy-boned breeding bull.

His calves show the same conformity that he has. Most of them being dark red with very few roans and no whites. We are consigning 3 of his bull calves, and one heifer to this sale.

YARNELL'S GRAND RESEARCH — he is an excellent individual, rugged, dark red, with a short, wide head and short neck. The kind you like. Short legged, a good front end, a good heart girth, good loins, a smooth, wide back and good hind quarters.

He was grand champion at the Arkansas State Livestock Show both 1952 and 1953. He is out of an imported cow with an excellent pedigree that has produced 4 excellent calves, all now in our herd.

His sire is the famous Glassingall Research of L. E. Mathers & Son's herd. His half-brothers and sisters have been selling at nice figures. We have been using him on our better cows and have several extra good calves from him and are still breeding him heavy. We would not sell him until we have a number of our better cows bred to him. Tested for T. B.

BOUNCE'S LADY GLOSTER 4th — is a roan heifer out of Lady Gloster 9th. Bred by W. A. Cochel and of the same family developed at Kansas State College and proved very successful for Sni-A-Bar, Maxwalton Farms and other leading herds. This heifer sired by KF Bounce 8th, the good bull we sold in this sale a year ago for \$500.
